SMF & GMF Healthcare Langar

Sewa: Health Camps

Satkarmic Mission Foundation (SMF) & Global Middas Foundation (GMF) , is a charitable organization based out of Delhi , have planned & implemented for the welfare of Sangat & Panth, belonging to all Religions & all Communities across India various initiatives , activities and projects in the healthcare domain & contribute in Nation Building.

The objective is to make Charitable, Affordable ,timely healthcare services and build up a social healthcare infrastructure for general public across India. Further in order to build a charitable social healthcare infrastructure we coordinate and tie up with various lab test facilities , Diagnostic Centers

,Mother & Child Care, IVF, Dental Care, Eye Care , Physiotherapy , Cancer Care , Drug Abuse , Kidney Care & Dialysis, Mental Wellbeing Organizations & Institutions, Nursing Homes and Hospitals etc.to provide concessional at discounted rates and timely consultation , test, diagnosis , investigation, treatment and surgeries to those who are recommended by our charitable organization, Satkarmic Mission Foundation & Global Middas Foundation

Now, SMF & GMF in its 3rd year of operations are actively working with Resident/Market/Industrial Welfare Associations, Religious & Spiritual Communities & Organizations, Academic & Educational Institutions , NRI's , Eminent Social & Public Personalities , Corporates, Delhi Police, Education , Legal & Healthcare Fraternity & Sangat in general across India & Internationally.

The various initiatives taken by GMF as part of its Healthcare Langar Sewa include:

a) General Health Checkup camps which also acts as an OPD: In this basic checkup such as Blood Pressure , Sugar , ECG, Hypertension, issues related to

senior citizens , women & child care , any report which the attendee wants to take doctors consultation or any specific query any one has are attended by the qualified practitioner doctors. Also medicines & syrups such as immunity boosting , cough , cold , pain relief , fever , Multi Vitamins , antibiotics, allergic medicines etc. are given free of cost in these camps.

Further in case some investigation and tests are needed then SMF & GMF

refers such cases to multiple diagnostic & lab test facility providers wherein

based on our referral at discounted-concessional charitable rates the tests are done. Also in case there are cases which needs to be referred for surgeries they are too referred & timely cost affective treatment , surgeries from good reputed hospitals / nursing homes with experienced doctors are conducted.

b)Free Eye Checkup & Eye Care Camps: In this qualified eye technicians &

experts conduct both manual and computer based eye test checkup's to examine whether the attendee has any number and to what extent. This is done free of cost along with eye drops given to those who have such issues. Those who have eyesight issues and need spectacles & lenses then good quality at affordable-concessional discounted rates with their specific numbers are also provided. Where their is a constraint of financial resources then in such cases for cataract operations or for eye surgeries or even for those who are looking for artificial eyes are also are being referred to Hospitals/ Eye-Surgeons etc. from our SMF & GMF. Hence a complete eye care charitable healthcare langar sewa is provided to all.

c)Drug Abuse , Drug Addiction & Drug de-addiction awareness & detection camps, Mental Well-being :

In these camps at 1st stage through experienced Counsellors the harmful effects of drugs usage is being made aware and how it can destroy the personal & professional life of a person to create consciousness is stressed Upon. Then once drug usage is established to seek further investigation lab tests are referred wherein charitable discounted concessional rates for the same are charged.

Follow-up in terms of psychological counseling and proper medication and in case some severe cases need to be referred to drug rehabilitation centres that too are assisted. Depression , Anxiety , Stress and other such mental well-being aspects of an individual are assessed too and then those wherein it further leads to drug abuse and addiction are counselled to overcome these at different stages.

d)Cancer Care Awareness & Detection Camps: In this awareness through counselling , sharing related brochures & medical literature containing information about various aspects of cancer is been done at the camp level. What are different types of cancers , what causes them , their symptoms and timely detection , once detected what are the treatments & medication to be taken , government support & policies and then to those who are already suffering a positive attitude mental well being session are conducted.

e)Kidney Care , Dialysis & Transplant Awareness Camps: In this all about taking care of kidney , factors damaging it , symptoms to detect deteriorating kidney function, treatments & medication to be taken , finally kidney transplant and post how to cope up in future are broad aspects covered in such camps.

f)IVF & Infertility Awareness Camps: In this the reasons for infertility , the problems related to conceiving and family planning , the various ways in which naturally these can be addressed are advised further. In case anyone wants to understand the process of family planning through IVF then the complete & safe process to undertake it are being taken care by team of experts in their respective fields. So both at initial awareness levels to improve fertility through Counseling and medical advise and in case one wants to get into an IVF then assistance and correct information related to it our provided to the attendees.

Sewa: International Medical
Tourism

A dedicated Medical Tourism desk has been established by SMF & GMF to facilitate, coordinate and cater from Consultation to Treatment the various healthcare needs for International & NRI patients. In case you want us to take up your case and refer it to a reputed healthcare service provider such as Hospital in a specific region for a particular treatment than the coordination for the same can be taken up by us. Even at local level assistance from visas, stay, travel, post treatment follow up all such being a charitable organization is provided even for those who are looking to avail Social Security in their country but are looking for coordinated support and care for such international healthcare treatments at local level. So that both at patient level and at healthcare facility level all documentation, compliances and entire process is independently taken up by a charitable professional organization. Already correspondence to make India a preferred international medical tourism destination through this have been Initiated with multiple

Embassy in India.

In case an NRI wishes to provide medical or healthcare facilities to their family members back n India this too can be coordinated by GMF with local hospitals , nursing home and other healthcare services institutions and organizations. Further, Satkarmic Mision Foundation and Global Middas

Foundation , a charitable organization has within its group all the necessary compliances and registrations in order to sponsor a treatment either through means of FCRA or locally from within India and thus avail the benefits of concessional discounted sponsored treatment from any part of the world. This given an additional benefit for those who wish to get their treatments supported by sponsorship programs and come to India for affordable yet quality healthcare facilities.

So, to strengthen the Medical Tourism by providing Quality , Personalized , Expert Healthcare services to Foreign Patients& NRI's and also assist them in taking such sponsored treatments whether internationally through FCRA or through local sponsorship donated programs, GMF can provide its assistance. It's an collaborative efforts to provide Quality & Affordable Healthcare Services to all across the globe and also assist them in taking such sponsored
